In 1953 horror comics were king and Atlas editor-in-chief, Stan Lee, launched a new title to make a bid for the throne—and that title was MENACE! Backed by the best of the best in his art stable—Bill Everett, Russ Heath, Joe Maneely, Gene Colan, John Romita, Joe Sinnott, George Tuska—Stan's new title became a high-water mark for pre-Code horror. Chock full of page after page of werewolves, vampires, zombies, ghosts, ghouls, double-dealing women and stone-cold killers with a sense of morality as dark as the ink on the page, MENACE lived up to its name—and how! It also showed hints of the Mighty Marvel future to come with running editorial commentary by Stan, reader contests, and characters like the infamous Zombie by Stan and Bill Everett, who would become the Marvel Age's own killer zombie, Simon Garth. MENACE is a must-have for all aficionados of comics' rollicking pre-Code days and the perfect entry point for readers looking to take their first adventure into the Atlas Era!

Written by JACK KIRBY, STAN LEE, ROY THOMAS, GERRY CONWAY & ARCHIE GOODWIN

Penciled by JACK KIRBY, NEAL ADAMS, MIKE SEKOWSKY & GENE COLAN

Cover by NEAL ADAMS

The uncanny Inhumans come to the MARVEL MASTERWORKS at last! In 1965, Stan Lee and Jack Kirby gave a strange family of outcasts their debut in the pages of Fantastic Four. Responding to their Shakespearean pathos and Kirby's out of this world character designs, the fans loved them—and wanted more! The mysterious origins of Black Bolt, Medusa, Gorgon, Triton, Karnak and the rest of their wondrous, secret world was initially revealed in a series of Thor features. But that only whetted reader's appetites—and so came their first headlining series in AMAZING ADVENTURES! Launched by writer/artist Jack Kirby, the new series took the Inhumans to their roots, defending their kingdom against the aggressions of mankind—especially against the ultimate threat of the Mandarin. Then a team with uncanny credentials, Roy Thomas and Neal Adams, took up the crown and sent the Inhumans on a mythical exodus into the world of man. It was a saga exploring the social issues of the era and, of course, topped of with a heavy dose of Inhuman action! Also featuring a rare Medusa and Black Bolt tale from MARVEL SUPER-HEROES and a trio of satirical tales from NOT BRAND ECHH by Stan, Jack and their blushing Bullpen! SOLEIL: SCOURGE OF THE GODS VOL. 1 PREMIERE HC

Written by VALRIE MANGIN
Penciled by ALEKSA GAJIĆ
Cover by ALEKSA GAJIĆ
Adaptation by PAUL BENJAMIN

After a thousand years of peace, the Orbis — the Roman Galactic Empire that thought itself almighty — trembles down to its foundations. The Huns, savage warriors that came out of nowhere, are trying to conquer it. King Attila has already pillaged and burned dozens of planets without any legion being able to stop him or even slow him down. And unfortunately for Rome — Kerka, the Hun's goddess of chaos herself — is back. But the Gods have a taste for tragedy: Kerka has been reincarnated in the body of Flavia Aetia, a young Roman girl. Is Flavia truly this macabre divinity? Is she the by-product of a terrifying plot? Or is she only the victim of a terrible destiny? A free adaptation of Hun king Attila and the Roman general Flavius Aetius's confrontation, SCOURGE OF THE GODS replays the eternal struggle between order and chaos on the galactic level. Halfway between sci-fi and heroic fantasy, the huge epic fresco proclaims antique grandeur as well as the barbarism that lies in our future. Collecting SOLEIL: SCOURGE OF THE GODS #1-3.

The feral X-Man and the ragin' Cajun — as interpreted by Jeph Loeb and Tim Sale, the award-winning creators of Daredevil: Yellow, Superman: For All Seasons and Batman: Dark Victory! Warrior. Ronin. Soldier. Mutant. Logan knows little of his past, save that it was fraught with pain and loss. Long ago, he was trained as a samurai in Japan, later, he became Weapon X, a covert operative for the Canadian government. Today, Wolverine is an X-Man – using his animal-keen senses, accelerated healing factor and razor-sharp claws to help protect a world that fears and hates mutants! Always an outsider, Gambit was shunned as a youth because of his strange, burning-red eyes. Eventually, Remy LeBeau realized he was a mutant, possessed of the ability to charge inanimate objects with explosively released biokinetic energy. A reformed thief and charming scoundrel, the ragin' Cajun always has a card up his sleeve! Now, these two outlaw heroes have been drawn together by a string of brutal slayings that may mark the return of the 19th-century serial killer called Jack the Ripper! Cover by TOMMY LEE EDWARDS

The Marvel Universe comes to life. In this heavily anticipated story, Mark Millar and Tommy Lee Edwards transport you to a strange and exotic world: the year 1985. There, young Toby Goodman lives an ordinary life, filling his days with Marvel comic books as an escape from his mother and stepfather, and a way of connecting with his lazy but well-intentioned dad. Things looked like they would continue on this way ad nauseum, until Toby stumbled across an old house, inhabited by the villains that terrorize the Marvel Universe. At first, no one believes what he claims to have seen, but that was before the bodies started turning up. The Marvel super-villains are exciting and fun when you read about them in a comic, but what happens when Doctor Doom is standing before you, or the Mole Man and his Moloids attack?
